

# NEW YORK'S STRONG TEAM.

INDIVIDUAL EXCELLENCE AND POWERFUL COMBINATION.

They are likely to prove a formidable team to the Boston Americans. A review of the team's make-up shows the following lineup:

Now that the baseball season is about to open, it becomes of interest to see the condition of the Boston Americans and thus be able to judge the probable success of the team in the coming season. The team's make-up shows the following lineup:

There is a little question that Shorty Fuller intends to surprise all his previous recorders in the past season. Fuller is a player who has been in the past season and he plays with remarkable brilliancy.

The assertion that in George Davis New York has a better team than Boston is a matter of fact. Nash of Boston is the only man who approaches the Cobles expert, and there are many who believe Davis to be the better player. Davis is certainly the stronger pitcher, and more valuable to a team on the basis of all-around ability.

John Ward calls attention to a mistake in the pitching rule that should certainly be corrected. The rule should be that in the case of a right-handed pitcher, he must not touch the plate, although the evident intention of the rule is that in the case of a left-handed pitcher, he must not touch the plate. That was the custom last season with the Boston Americans, and it was a mistake to allow a right-handed pitcher to touch the plate, and in taking the one step allowed in delivering the ball, he could swing his left foot over the plate and thus be in a position to throw to a base and be compelled to make a pivot turn if he desired to throw to second or third.

The competition of the league teams for the season has been so far so good. The New York Yankees, Boston Americans, and Philadelphia Athletics are the leading teams. The New York Yankees, Boston Americans, and Philadelphia Athletics are the leading teams.

It will be observed that the teams which do not possess a few players who have secured an extra supply of boxmen.
